for Climate and Clean Energy

Private Finance Advisory Network GET.Invest Finance Catalyst

- Partnered with the CCREEE in the design and establishment of the PPF
- Partners on service delivery with the CCREEE PPF
- Supports developers and companies in the development of investment-ready renewable energy projects
- Mobilizes investment in renewable energy in developing countries

Caribbean Development Fund: Credit Risk Abatement Fund

- Launched jointly with the PPF in 2020
- Incentivizes additional lending for renewable energy and energy efficiency projects for MSMEs
- Facilitates guarantees to renewable energy and energy efficiency projects in the private sector.
- Works closely with financial institutions around the region.

Caribbean Export Development Agency

- Regional trade and investment promotion agency focused on private sector support
- Works with sustainable energy businesses to attract investment
- Works with non-energy businesses to build their capacity to develop sustainable energy projects

Caribbean Climate-Smart Accelerator

- Partnered with the PPF in 2021 to accelerate regional and national mandates for the adoption of sustainable energy
- CCSA supports financial matchmaking of renewable energy projects

Private Investors

- CCREEE PPF engages with private investors interested in the Caribbean region
